

City@RealLingo — Dammam & Khobar

Venue Partnership Proposal

1. Program Overview

City@RealLingo is RealLingo's flagship in-venue language and cultural experience program. We partner with premium cafes and restaurants across Dammam and Khobar, transforming your space into a vibrant community hub — at no cost and no effort to your team.

Our participants are expats, bilingual professionals, and curious locals who gather regularly to connect over language and culture. Every event generates real foot traffic and real orders at your venue.

Sessions run approximately 1–2 hours and are typically held on Thursday evenings — though timing is always open to discussion to best fit your cafe's schedule and peak hours.

Polyglot Club	Bi-weekly multilingual social mixer A lively gathering where language learners, expats and professionals connect over shared languages and cultures in a relaxed cafe setting.
Chinese Workshop	Monthly Chinese language & culture workshop A focused monthly session introducing Mandarin basics and Chinese culture — highly popular with Arabic-speaking professionals and the business community.

2. What RealLingo Brings to Your Venue

We take care of everything — guest acquisition, promotion, and facilitation. Your venue simply provides the space and hospitality you already do best.

Guaranteed Guests	10 – 20 engaged guests per event Every participant orders directly at your venue during the session. We guarantee a minimum group of paying customers at every event — turning a quiet evening into a lively, revenue-generating experience.
